Please join us in welcoming our
new 2026–2027 Intern Class
beginning June 15, 2026!

2025–2026 Interns Continuing Their Careers with Us

Phone System Updates Coming June 11th

Starting **June 11th**, our updated phone system options for referring veterinary offices will officially be changing.

To help improve communication and streamline the referral process, referring veterinary teams calling the hospital beginning June 11th should select the following prompts:

- **Press 3** if calling from a referring veterinary office
- **Press 1** to refer a patient through Emergency
- **Press 2** to speak directly with one of our Referral Liaisons for referral support and assistance

These updated prompts are designed to help connect your team more efficiently with the appropriate department, reduce transfer times, and improve communication throughout the referral process.

We are sharing this information in advance so your team can become familiar with the new options before they officially launch on June 11th. Please feel free to share these updates with doctors, technicians, and client service representatives within your hospital.

Thank you for your continued partnership and collaboration.

RDVM Resource Hub Now Live

We're excited to share that the new RDVM Resource Hub is now live!

Bookmark the Page

The RDVM Resource Hub is currently unlisted and cannot be accessed through the main website navigation. We encourage all referring partners to bookmark the page for easy access:

<https://www.oradell.com/resource-hub/>

What You'll Find in the Resource Hub

The Resource Hub is designed to support communication and collaboration by bringing key information together in one convenient location.

Resources include:

- Monthly newsletters
- Upcoming RDVM events
- Client and community events
- Direct department extensions and contact information
- Real-time Hospital updates

Stay Connected

Our goal is to make it easier than ever to stay informed and connected with our team. The RDVM Resource Hub will continue to evolve, and we welcome your input.

If you have any questions or suggestions for additional content you would like to see included, please don't hesitate to reach out.

Thank you for your continued partnership.

NJVMA Education Conference Recap

Oradell attended the NJVMA Conference this past weekend, where team members had the opportunity to connect with veterinary professionals and referring hospitals from across the region. The event included networking, educational sessions, and conversations surrounding current trends and initiatives within the veterinary industry.

Throughout the conference, attendees visited the Oradell booth to learn more about our services and connect with members of our team. It was great to see so many familiar faces and meet some new ones throughout the weekend. Thank you to everyone who stopped by!

CE Dinner with Dr. Leah Soderman - Tackling Tough Guts: Chronic Enteropathies in Small Animals

Join us for a CE dinner presentation with Dr. Leah Soderman, "Tackling Tough Guts: Chronic Enteropathies in Small Animals." Proudly co-sponsored by Purina, this CE/RACE-approved lecture will explore the diagnosis and management of chronic gastrointestinal disorders in small animals, offering practical, evidence-based strategies to improve patient outcomes.

We look forward to seeing you, and thank you for being an important part of our veterinary community!
